

Landpower saves power!

Landpower is the leading provider of agricultural machinery and enjoys brand partnerships spanning more than 30 years with premium European and Canadian manufacturers including CLAAS, AMAZONE, Seed Hawk and Grimme.

Landpower is 100% family owned, delivering integrated machinery solutions including combine harvesters, potato harvesters, tractors, hay and forage equipment, spreaders, sprayers and tillage tools.

Through Hobsons Bay City Council's Light\$mart program, Landpower have replaced over 350 lights throughout its offices, workshop and warehouse space with new, energy efficient LED lights reducing energy and maintenance costs and saving greenhouse gas emissions.

Each year, Landpower will now be saving an additional:

- \$20,153 in energy and maintenance costs
- 79,239 kWh of electricity
- 100 tonnes of greenhouse gas emissions

Before

After

"The installation was carried out with a minimum of disruption to the business and we are very pleased with the result. We have already seen a substantial reduction in our first energy bill even though the installation took place half way through the billing month." Landpower Australia, <http://www.landpower.com.au/>
