

Sahara Logistics has reduced its electricity bill by over 50 per cent!

Sahara Logistics Pty Ltd owns over 20,000 square metres of racked and bulk warehouse space nationally. Their services include import/export, pick and pack, storage, orders and reporting for all your logistical needs.

Sahara Logistics was the first Hobsons Bay business to sign up to Hobsons Bay City Council's Light\$mart program. As a result, Sahara Logistics has replaced 480 lights with new, energy efficient LED lights and installed daylight sensors. This has reduced energy and maintenance costs and saved greenhouse gas emissions.

Each year, Sahara Logistics will now be saving an additional:

- \$49,621 in energy and maintenance costs
- 256,883 kWh of electricity
- 324 tonnes of greenhouse gas emissions
